MTS expands in Asia and USA

As a result of a positive market development and the increasing number of customers using MTS, we are expanding our teams in Asia and USA.

In Asia, we have expanded our capacity related to implementation and support located out of Singapore. In USA we are strengthening our team in Miami, also related to implementation and support.

In connection with the expansion, new local support phone numbers will be announced shortly.

MTS strengthens the Sales & Marketing team

We are happy to announce that Peter Kraugerud will join the MTS Sales & Marketing team in Oslo as of 1 September 2007. Peter has extensive experience from the marine industry and currently holds the position as Nordic Segment Manager in Alfa Laval. Alfa Laval is a key partner in MTS and Peter will work in MTS based on a secondment agreed with Alfa Laval. Peter will change his responsibilities in Alfa Laval as of 1 September 2007, and work jointly with Alfa Laval and MTS as Key Account Manager.

In MTS Peter will focus on our key account management program and sales in the Nordic region. MTS is looking forward to getting Peter onboard the team and to benefit from his excellent sales skills and thorough customer knowledge.

Success at NorShipping

This year's NorShipping event was a great success for MTS. The interest for our solutions were great and new relations were made.

As in 2005, the **Mermaid Contest** created lots of interest! 399 people participated in the contest and the estimated weight for the mermaid varied from 45 kg to 92 kg! Her correct weight was 62 kg! The winner of the Mermaid Contest was drawn between 23 people who guessed the right answer. The lucky winner is Petter A. Heier, Superintendent with the Grieg Shipping Group. Congratulations!
